

PAN PAC BUSINESS AWARDS - CATEGORIES

Excellence in Innovation Award

In association with Eastern Institute of Technology.

What we're looking for... Use and implementation of innovation and knowledge to enhance business excellence and organisational performance. An environment that encourages and rewards innovative employees. An innovative product or service is a new idea, systems, procedure or technology that have improved efficiency and/or resulted in the introduction of improved services or products.

Outstanding Community Contribution

In association with NZME.

What we're looking for... Recognition of, communication with, and support of community stakeholders. How your organisation supports the industry/organisation sector(s) in which you operate. Evidence of the organisation's support for staff involvement in social, community or environmental initiatives.

Employer / Leader of the Year

In association with Napier City Council.

What we're looking for... This award looks at the processes used by the leadership in your business to set the business direction, performance expectations, values, and behaviours with respect to the public, ethical, regulatory, and legal responsibilities. It also reviews the way Leaders achieve the desired organisational results as a consequence of those activities. Leadership has the influence on all aspects of the business success.

Best Emerging Business

In association with Hastings Like a Big City but Better

What we're looking for... Recognises a start-up business (in operation from 1 -4 years) that has experienced tangible growth and success within their field of industry. A company that has executed good planning, leadership, innovation and engagement.

Ultimate Visitor Experience

In association with Hawke's Bay Tourism.

What we're looking for... This award applauds organisations who go above and beyond to guarantee their customers the ultimate visitor experience in Hawke's Bay, while enriching the local tourism sector.

Excellence in Sustainability Award

In association with Hawke's Bay Regional Council.

What we're looking for... A sustainable business is an organisation that actively participates in environmentally friendly practices and ensures that their culture, systems, and procedures actively address the current environmental issues, while still maintaining a profitable business that will sustain longevity within the local or global market.

Supreme Award

In association with Pan Pac Forest Products.

The Supreme Award is chosen from one of the category winners above.
